## COVID-19 (Coronavirus)

Following the Government's update this evening, the Prime Minister provided further advice on new restrictions to help slow the spread of coronavirus in the UK which included:

- a 14-day isolation for all households with symptoms;
- advice against "non-essential" contact;
- stop all unnecessary travel; and
- an end to all mass gatherings.

Schools though remain open for the time being.

The situation is changing on a daily basis and we are closely monitoring developments.

Airborn Academy classes will remain in place this week, but on a reduced timetable and on Friday, we will review our situation again. If the schools do close at any point before then, the Academy will also immediately close.

We do not take the closing of the Academy lightly, this is a heart breaking decision to have to make as we know that this measure may be in place for a number of weeks, potentially even months. As a small community interest business waiting to do the right thing to protect our members and families, we also know that closure, as with any small business in a similar situation, will hit us hard.

We fully understand that parents and members may choose not to attend the Academy this week, you must please do what is right for you and your families.

For any members who have regular contact with anyone at home who is vulnerable or falls into the over 70 age bracket, we would ask you please do not attend, people are more important than sport

Likewise, if you feel ill with any symptoms or are in a household where a family members feels ill, please self-isolate as per the government advice and do not attend the Academy.

For those who will still attend the Academy this week, there will be no waiting in the parent area, it will be drop off/pick up only and there will be mandatory handwash before and after training, good hygiene must be the priority.

Please also be aware that the Academy will be operating on a reduced timetable from tomorrow including the cancellation of all open gyms, gym tots and ASD sessions so please check the website before attending.

At the point we do close, memberships will roll over until we re-open and we will provide additional sessions for those which have been missed.

If you have any questions or concerns, please do not hesitate to speak to one of the Coaching Team or email [info@airbornacademy.com](mailto:info@airbornacademy.com). We cannot thank you guys enough for your support, these are unprecedented times, please stay safe.

The Airborn Team
